Program for Transfer Admission

Requirements for Guaranteed Admission

Students participating in PTA must complete ALL of the following in order to secure their admission:

- Complete all required paperwork for the program and attend mandatory pre-participation and final academic meetings with a Texas A&M University admissions counselor.
- Choose and complete all program-specific coursework requirements from the PTA degree plan for the proposed major choice.
- Complete at least 30 transferable hours after high school graduation at any Texas community college within three years from the date on which participation begins.
- Maintain a minimum of a 3.2 cumulative grade point ratio (including dual credit).
- Earn a grade of “B” or better in all bold, italicized coursework specified in the degree plan. Bold, italicized coursework may only be attempted once.
- Submit all required transfer documents (application, fee, transcripts, essay, etc.) by the appropriate deadline for admission to Texas A&M University.

Once all required coursework is completed and prior to applying for transfer admission, students are required to meet with a Texas A&M admissions counselor for a final academic meeting. Students are required to provide an official college transcript from every institution attended so the PTA completion form can be signed. A signed PTA completion form signifies a student has completed all of the coursework requirements for automatic admission through the program. It is the student’s responsibility to complete this step before the appropriate application deadline. Failure to do so may result in a student losing their guaranteed offer of admission.

Program Guidelines

- Participants must follow the Major Coursework Check Sheet that is in place at the time of signature on the Student Participation Form.
- Participants may only sign up for PTA one time and only for one major.
- The most recent consecutive 30 transferable hours must be done in residence at any Texas community college or combination of Texas community colleges.
- Participants may mix and match coursework from different Texas community colleges.
- **Bold, italicized** coursework on the Major Coursework Check Sheet may only be attempted once (excluding grades of W and WP).
- If a participant earns a grade of “C” or lower in the **bold, italicized** coursework (including dual credit), the participant will not be admitted via PTA but is still eligible for traditional transfer admission.
- Participants are allowed a maximum of three withdrawals (W's) throughout their college career.
- There are no coursework substitutions.
- AP Credit cannot be used to satisfy required coursework (**bold, italicized**) for PTA.
- Participants must notify on the PTA Completion Form with a Texas A&M admissions counselor prior to submitting a fall application if planning to submit final spring grades by June 1 for consideration, no exceptions.
- A signed PTA Completion Form with notification to hold for spring grades and all required transfer documents must be received by the fall application deadline.
