Above coursework should be completed with a grade of 'B' or better.

Students who have completed the Recommended and Additional Coursework listed will have a stronger and more competitive application.

\*Students attending an institution without an equivalent to CHEM 107/117 can transfer an equivalent to Fundamentals of Chemistry II (CHEM 102/112 - CHEM 1412) to fulfill the CHEM 107/117 requirement.

#### **Transfer Course Sheet Notes**

- 1. ENGL 1301 is accepted for ENGL 104 if completed prior to Fall 2014.
- Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
- 3. This Transfer Course Sheet was supported in a partnership between The Office of Admissions and the College of Engineering at Texas A&M at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.

# Additional Transfer Requirements

- 3.5 overall GPA on 24 transferable hours (minimum).
- Second-choice majors are considered.

# **Additional Information**

- For additional information, prospective transfer students are encouraged to visit engineering.tamu.edu/apply/transfer-students
- Essays are reviewed in borderline cases. Department looks for expressed interest in the major, and/or some indication that the student has experience in the field of Aerospace Engineering, and/or some explanation of borderline performance (e.g. medical issues, family crisis, etc.).
- Degree candidates will be required to fulfill the following University Core Curriculum Requirements to graduate:
   American history electives, government electives, a social and behavioral science elective, and a creative arts elective.
   These are options for additional coursework that your institution may offer to complete.
