Courses listed should be completed with a grade of B or better.

Students may have to complete Trigonometry and Pre-Calculus (MATH 2412) at their institution before taking MATH 2413.

Trigonometry and Pre-Calculus are transferable courses but will not satisfy the Mathematics requirements in this degree plan.

Students may have to complete College Algebra (MATH 1314) at their institution before taking MATH 1324 or 1325.

College Algebra is a transferable course but will not satisfy the Mathematics requirements in this degree plan.

ENGL 1301 is a transferable course but will not satisfy the Communication requirements in this degree plan.

BIOL 2401, 2402, 2420 and 2421 will not be acceptable in any of the BIOL degree plans.

Consider taking courses that fulfill the 6 hours of International and Cultural Diversity requirement when completing the Social and Behavioral Sciences, free electives and Creative Arts requirements.

The recommendations below represent what a typical TAMU student’s schedule looks like during the first four semesters. If working to complete an Associate’s Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. You may not have to complete the coursework in the sequence below but this major requires or recommends specific coursework to be completed.
Coursework Timeline

- Competitive applicants will have the Required coursework completed by the application deadline.
- Applicants to the summer/fall term may be asked to submit spring final grades, this is not a guarantee.
- Summer coursework will not be considered for summer/fall applicants.
- Fall coursework will not be considered for spring applicants.
- Applicants to the spring term should have the Required coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- The Department of Biochemistry & Biophysics is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major choice or the secondary major choice they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades and admitance is a committee-based decision.

Additional Information

- Applicants should be serious about earning a degree in Genetics.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.
- Please be sure to address why you would like to be a genetics major as well as any D's, Q's, F's, NG's, or W's appearing in your transcript when writing your essay.
- Please contact department regarding second-choice major consideration before applying.
- Contacting an academic advisor in this department is strongly recommended prior to application.

Transfer Course Sheet Notes

1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete University Core Curriculum coursework found in the Undergraduate Catalog unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Agriculture & Life Sciences at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
