- It is highly recommended that a student begins attending TAMU spring semester of the second year due to the course sequence of the special education program. The recommended list of courses for the spring semester of the second year will vary depending on if the student is attending TAMU or still attending a community college. During that semester, there may be limited options of courses to take while at a community college.
- Students will apply to professional phase (upper level) once he/she is a special education major at TAMU.
