Courses listed should be completed with a grade of B or better.

It is recommended applicants complete a calculus sequence to fulfill the MATH 151, 152 and 251 degree requirement at the same institution. MATH 253 is an acceptable substitution for MATH 251.

Two years of the same foreign language (high school) or two semesters of the same foreign language (college) are required for graduation.

Additional Transfer Requirements

- Individual grades of all courses listed must be a minimum of a “B” (greater than “C”) for the applicant to be considered.
- Minimum GPA of 3.5 if transferring from a community college/online college and minimum 3.0 from another university.
- Second-choice majors are considered.

Additional Information

- Prospective transfer students can visit http://engineering.tamu.edu/apply/transfer-students for additional information.
- Primary focus is on academic record, particularly for calculus, physics, computer and engineering courses.
- Essays are reviewed if further information is needed.
- Degree candidates will be required to fulfill the following University Core Curriculum Requirements to graduate: American history electives, government electives, a social and behavioral science elective, a creative arts elective and international & cultural diversity electives. These are options for additional coursework that your institution may offer to complete.

Transfer Course Sheet Notes

1. ENGL 1301 is accepted for ENGL 104 if completed prior to Fall 2014.
2. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
3. This Transfer Course Sheet was supported in a partnership between The Office of Admissions and the Dwight Look College of Engineering at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
Scholarship Information

Please see the Texas A&M University Scholarship and Financial Aid Website at https://scholarships.tamu.edu/

Incoming transfer students are not eligible for departmental scholarships.

Students can apply for departmental specific scholarships after their first semester at A&M using the Continuing Student Scholarship Application posted at https://scholarships.tamu.edu/CONTINUING-STUDENTS/Available-Scholarships.

International Opportunities

The College of Engineering encourages students to develop a deeper understanding of other cultures in preparation for a successful career in an increasingly diverse and global economy. Programs are offered in Brazil, China, Germany, Italy, Qatar, Spain, to name a few. Engineering students who participate in credit-bearing international experience during a semester or summer are awarded a one-time competitive scholarship. For more information, please visit the following website: http://engineering.tamu.edu/international.

Internship Opportunities

The department recommends that students participate in co-op or internship programs but does not require them for graduation. For more information about possible co-ops and internships please visit careercenter.tamu.edu/
