- Applicants must have completed MATH 140 **AND** MATH 142 (or equivalent to these courses).
- Students may have to complete College Algebra (MATH 1314) at their institution before taking MATH 1324 or 1325; however, while this is a transferable course it **will not** satisfy the mathematics requirement in this degree plan.
- A minimum of three courses (9 hours) must also be taken from the Required Coursework list: AGECE 105, ECON 202, ECON 203, ACCT 229, ACCT 230.
- **Applicants must have a minimum cumulative GPA of a 2.75 and a minimum 2.75 GPA in Priority Coursework. Priority Coursework includes all attempted required coursework listed above (ENGL and SPCH are not included in priority coursework).**
- Repeated courses are included in all GPA calculations.
- To complete the Communication requirement, 2 of the following courses are needed: ENGL 103, ENGL 104, COMM 203. Additional courses may be accepted in place of COMM 203; however at least three hours for this six hour communication requirement must come from either ENGL 103 or ENGL 104.
- In your essay, please be sure to address how an Agricultural Economics degree will help you meet your career goals. If you have 3 or more grades of D's, F's, Q's, NG's and/or W's explain why the grades occurred.

The recommendations below represent what a typical TAMU student's schedule looks like during the first four semesters. If working to complete an Associate's Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. Coursework does not necessarily have to be completed in the order shown below.

Coursework Timeline

- Competitive applicants will have all required coursework completed prior to the application deadline.
- Applicants to the summer/fall term that are currently enrolled in missing coursework for transfer **may** be offered the chance to submit spring final grades. This is not a guarantee.
- Summer coursework **will not** be considered for summer/fall applicants.
- Fall coursework **will not** be considered for spring applicants.
- Applicants to the spring term should have the required courses completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- The Department of Agricultural Economics is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- **Admission to the Agricultural Economics program is competitive. Completion of the minimum requirements does not guarantee admission.** The entire record is reviewed for consistency in coursework and grades.

Additional Information

- Applicants should be serious about earning a degree in Department of Agricultural Economics.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.
- We recommend meeting with an academic advisor prior to submitting the application.

Career & Educational Opportunities

The globalization of agriculture, new technologies, nutritional and environmental consciousness, and U.S. and foreign policies are creating the need for industries to hire graduates with strong backgrounds in applied economics, business principles, and leadership. This major is designed for students interested in starting businesses, banking and lending, real estate, public policy, or marketing and trading. Students within this major select one of four options: Finance and Real Estate, Food Marketing Systems, Policy and Economic Analysis, or Rural Entrepreneurship. For more information please visit careercenter.tamu.edu.

Transfer Course Sheet Notes

1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete [University Core Curriculum](#) coursework found in the [Undergraduate Catalog](#) unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Agriculture and Life Sciences at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
