2021-2022 Transfer Course Sheet
Minimum GPA | 2.75
Minimum Transferable Hours | 24
Maximum Transferable Hours | 75
Second-Choice Major Eligible | YES

Coursework Timeline

- Competitive applicants will have the required coursework completed by the application deadline.
- Applicants to the summer/fall term **may be** asked to submit spring final grades, this is not a guarantee.
- Summer coursework **will not** be considered for summer/fall applicants.
- Fall coursework **will not** be considered for spring applicants.
- Applicants to the spring term should have the required coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- The Department of Animal Science is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- The essay will be reviewed and considered. The essay should address why the student wishes to be an ANSC major, and how the major will help the student achieve future career goals. Any relevant background information may be discussed. Any excessive grades of D's, F's, Q's, NG's and/or W's should be explained.
- Meeting minimum requirements **does not** guarantee admission. The entire record is reviewed for consistency in coursework and grades.

Additional Information

- Applicants should be serious about earning a degree in Animal Science.
- Applicants should indicate in the essay which degree option they wish to pursue (Science or Production/Industry Option).
- Transfer applicants are instructed **NOT** to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.
- Please contact department regarding second-choice major consideration before applying.
- Highly recommend meeting with an academic advisor prior to submitting the application.

Career & Educational Opportunities

From medicine (veterinary or human) to animal marketing, Animal Science majors have knowledge and experience in animal breeding and genetics; equine, dairy, and meat science; animal nutrition; and physiology of reproduction. Students who plan to attend veterinary, medical, pharmacy or graduate school are encouraged to select the *science option* while students seeking careers in animal production, agricultural extension work, or feed sales usually select the animal *production/industry option*. For more information please visit careercenter.tamu.edu.

Transfer Course Sheet Notes

1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete [University Core Curriculum](#) coursework found in the [Undergraduate Catalog](#) unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Agriculture & Life Sciences at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
