2021-2022 Transfer Course Sheet
Minimum GPA | 2.5
Minimum Transferable Hours | 24 Hours
Second-Choice Major Eligible | YES

Coursework Timeline

- Competitive applicants will have the recommended coursework completed by the application deadline.
- Applicants to the summer/fall term **may be** asked to submit spring final grades, this is not a guarantee.
- Summer coursework **will not** be considered for summer/fall applicants.
- Fall coursework **will not** be considered for spring applicants.
- Applicants to the spring term should have the recommended coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- The Department of Poultry Science is looking for students who are interested in pursuing our degree as a focus. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades.

Additional Information

- Applicants should be serious about earning a degree in Poultry Science.
- Meeting with an academic advisor in Poultry Science is **strongly recommended** prior to application.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.
- **Essay should include how and why the student chose Poultry Science, what the student plans to do with Poultry Science after they graduate, and if they have had any previous experience with poultry.**
- Please contact department regarding second-choice major consideration before applying.
- Contacting an academic advisor in this department is strongly recommended prior to application.

Career & Educational Opportunities

Growth of the poultry industry has created the need for scientific, technical and business knowledge in the various fields important to successful poultry production. Poultry, including meat and eggs, is a major commodity. Graduates with this major finish with knowledge of bird production, processing, business management, and research developments in genetics and physiology. For more information please visit careercenter.tamu.edu.

Transfer Course Sheet Notes

1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete [University Core Curriculum](#) coursework found in the [Undergraduate Catalog](#) unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Agriculture & Life Sciences at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
