- Students may have to complete College Algebra (MATH 1314) at their institution before taking MATH 1324 or MATH 1325.
- College Algebra is a transferable course but will not satisfy the Mathematics requirements in this degree plan; it can be used as an elective.

The recommendations below represent what a typical TAMU student’s schedule looks like during the first four semesters. If working to complete an Associate’s Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. You may not have to complete the coursework in the sequence below but this major requires or recommends specific coursework to be completed.

### First Year

#### FALL SEMESTER

- ENGL 1302 ENGL 104: Composition & Rhetoric 3
- GOVT 2305 POLS 206: American National Government 3

### Second Year

#### FALL SEMESTER

- *see notes below* General Elective 3
- core.tamu.edu Life and Physical Science 4
- ENGL 2311 ENGL 210: Technical & Business Writing 3
- *see notes below* General Elective 3

**Total** 13

**Note:** General Elective Requirement can be fulfilled by any approved/transferable college course

#### SPRING SEMESTER

**Note:** Urban Planning major coursework will take 3 years to complete, once a student transfers to Texas A&M.
Coursework Timeline
- Competitive applicants will have the Required coursework completed by the application deadline.
- Applicants to the summer/fall term may be asked to submit spring final grades, this is not a guarantee.
- Summer coursework will not be considered for summer/fall applicants.
- Fall coursework will not be considered for spring applicants.
- Applicants to the spring term should have the Required coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements
- The Department of Urban and Regional Planning is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades.

Additional Information
- Applicants should be serious about earning a degree in Urban and Regional Planning.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.

Career & Educational Opportunities
Students in this major develop plans for the use of land and the growth and revitalization of communities and regions. Urban and regional planning explores the social, economic, cultural, and natural forces that govern how communities are shaped. The Urban and Regional Planning program equips students for entry-level positions in planning allied fields and prepares them for graduate studies in fields such as Urban Planning and Land Development. The core curriculum is designed to equip students with knowledge and skills to deal effectively with the opportunities and challenges inherent in the development, growth and culture of neighborhoods, cities, and regions, and is based on theoretical training in the natural, physical, and social sciences. Students acquire skills that enable them to apply these theories to develop communities, cities, and regions which are safe, healthy, and sustainable. For more information please visit careercenter.tamu.edu.

Transfer Course Sheet Notes
1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete University Core Curriculum coursework found in the Undergraduate Catalog unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Architecture at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
