Coursework Timeline

- Applications to the summer/fall term **may** be asked to submit spring final grades. Competitive applicants will have Required coursework completed by the application deadline.
- Summer coursework **will not** be considered for summer/fall applicants.
- Fall coursework **will not** be considered for spring applicants.
- Applicants to the spring term should have the Required coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- Transfer applicants should have completed a full semester (spring or fall) course load of 12 transferable hours (minimum) after graduating from high school.
- The Department of Economics is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree. Maximum credit hours listed are at the time of application.
- All courses completed, regardless of degree applicability, are considered including accepted credit by exam hours. Applicants cannot select which hours are transferable, or opt to exclude completed hours, all completed hours will be factored when calculating total credit hours completed.
- Transfer applicants should have no more than 60 hours completed at the time of application. The department strongly recommends that students apply for transfer as early as possible.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades.
- Maximum credit hours listed are hours completed at the time of application. All courses completed, regardless of degree applicability, are considered including transcripted credit by exam hours.
- Applicants cannot select which hours are transferable, or opt to exclude completed hours, and all hours will be factored when calculating maximum transferable hours.

Additional Information

- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.

Career & Educational Opportunities

Economics is the social science that examines the production, distribution, and consumption of resources, goods, and services by collecting and analyzing data, researching trends, and evaluating economic and financial issues. Students in this major are taught analytical skills and their applications to better understand human behavior. Both the BA and BS are available options.

The Bachelor of Science in Economics degree teaches students analytical thinking skills and their applications to better understand human behavior. The degree plan is designed to allow opportunities for applied exploration of economic principles and theory through research, internship, and study abroad while focusing on quantitative skills and the development of rational thought and critical thinking. At the completion of the degree, students are prepared for a wide variety of post-graduate opportunities including: financial and banking careers, actuarial science, graduate school in social science and law, and government, public policy and political professions. For more information please visit careercenter.tamu.edu.

Transfer Course Sheet Notes

1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete University Core Curriculum coursework found in the [Undergraduate Catalog](#) unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Arts and Sciences at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
