- Consider taking courses that fulfill the 3 hours of [International and Cultural Diversity requirement](#) and the 3 [hours of Cultural Discourse requirement](#) when completing the Social and Behavioral Sciences, free electives and Creative Arts requirements.
- The recommendations above represent what a typical TAMU student's schedule looks like during the first four semesters. If working to complete an Associate's Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. You may not have to complete the coursework in the sequence above but this major requires or recommends specific coursework to be completed.**

Coursework Timeline

- Competitive applicants may wish to have the required and recommended coursework completed by the application deadline.
- Applicants to the summer/fall term **may be** asked to submit spring final grades, this is not a guarantee.
- Summer coursework **will not** be considered for summer/fall applicants.
- Fall coursework **will not** be considered for spring applicants.
- Applicants to the spring term may wish to have the required and recommended coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- Transfer applicants should have completed a full semester (spring or fall) course load of 12 transferable hours (minimum) after graduating from high school.
- The Department of Communication and Journalism is looking for students who are interested in pursuing our degree and **graduating** with a degree in either Communication or in Telecommunication Media Studies or in Journalism. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our Communication degree.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades.
- Maximum credit hours listed are hours completed at the time of application. All courses completed, regardless of degree applicability, are considered including transcribed credit by exam hours.
- Applicants cannot select which hours are transferable, or opt to exclude completed hours, and all hours will be factored when calculating maximum transferable hours.

Additional Information

- Applicants should be serious about earning a degree in Communication or Telecommunication Media Studies
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.

Career & Educational Opportunities

The BS-JOUR is for journalists of the future who want to cover scientific topics, engage in data journalism, employ digital technologies and who are quantitatively oriented. New journalists pursuing the Bachelor of Science in Journalism will take at least 33 hours of journalism coursework, including course work in media writing, fact gathering, and journalism as a profession. While many immersive experiences in journalism are encouraged, provided and facilitated, each BS student will complete a formal, supervised, credit-bearing internship relevant to their area of interest and focus. The science aspect of the degree is rounded out with a course in statistics, a course in research methods, and with the guidance of their academic advisor, will select a two-course combination to round out their individualized and customized focus area. Each Bachelor of Science in Journalism student will earn a minor in one of the many scientific minors offered at Texas A&M University.
