- CHEM 222(TCCNS:CHEM 2470) may be substituted for CHEM 227 on the pre-law emphasis
- Courses listed should be completed with a grade of C or better.
- Students may have to complete College Algebra (MATH 1314) at their institution before taking MATH 1324 or 1325.
- College Algebra is a transferable course but **will not** satisfy the Mathematics requirements in this degree plan.

The recommendations below represent what a typical TAMU student’s schedule looks like during the first four semesters. If working to complete an Associate’s Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. **You may not have to complete the coursework in the sequence below** but this major requires or recommends specific coursework to be completed.
