- Students must complete both math classes and two of the four science classes with a B average and no grade less than a C as a requirement for admission. All other coursework should be completed with a grade of C or better.
- Students may have to complete College Algebra (MATH 1314) at their institution before taking MATH 1324 or 1325.
- College Algebra is a transferable course but will not satisfy the Mathematics requirements in this degree plan.
+ BIOL 111 (BIOL 1406) may substitute for BIOL 107, but this would require the student to complete BIOL 112 (BIOL 1407) as well.
^ BIOL 2401 and 2402 are not direct equivalents for BIOL 319 and 320 but may be used for these degrees.

The recommendations below represent what a typical TAMU student’s schedule looks like during the first four semesters. If working to complete an Associate’s Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. You may not have to complete the coursework in the sequence below but this major requires or recommends specific coursework to be completed.

First Year

^ BIOL 2401 and 2402 are not direct equivalents for BIOL 319 and 320 but may be used for these degrees.
- Consider taking courses that fulfill the 3 hours of International and Cultural Diversity and/or the 3 hours of Cultural Discourse requirement when completing the Social and Behavioral Sciences, free electives and Creative Arts requirements.
Coursework Timeline
- Competitive applicants will have the Required coursework completed by the application deadline.
- Applicants to the summer/fall term may be asked to submit spring final grades, this is not a guarantee.
- Summer coursework will not be considered for summer/fall applicants.
- Fall coursework will not be considered for spring applicants.
- Applicants to the spring term should have the Required coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements
- Transfer applicants should have completed 24 hours of coursework, which include two math and two science courses from the list above, at time of application. Courses in progress at time of application are not considered in our review for transfer admission.
- Students interested in pursuing Allied Health should strive to complete two math and two science courses from the list above with a B average and no grade less than a C.
- Students should strive to maintain a cumulative GPA of 2.75 or greater on all college courses that transfer to TAMU.
- The Health and Kinesiology Department is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades.

Additional Information
- Applicants should be serious about earning a degree in Community Health, Health-Allied Health or Health-School Health as indicated by their first choice major preference on the Apply Texas Transfer Application.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.

Transfer Course Sheet Notes
1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete University Core Curriculum coursework found in the Undergraduate Catalog unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the College of Education and Human Development at Texas A&M University with the Undergraduate Catalog having the most extant and definitive information.
